Free ME from Lung Cancer teamed with the International Association for the Study of Lung Cancer (IASLC) earlier this spring to help fund our second lung cancer research grant. IASLC has agreed to match our funds of \$100,000 bring the total grant to \$200,000. They have also agreed to screen the proposals via a blind screening process.

A representative from FMFLC attended the Maine Cancer Foundation's annual meeting, the Maine Lung Cancer Coalition's annual meeting, LungSPORE and the International Association for the Study of Lung Cancer's annual meeting as well as their world conference.
